<sup>3)</sup> Maximum model size: 2000 constraints and 3000 variables.

- **Academic Price Schedule:** This schedule applies only for teaching and research at degree granting institutions.
- **GAMS Solver Links:** The usage of the GAMS Solver Links, including the Open Source Links to commercial solvers, requires confirmation that the user has a valid license agreement for use of the current version of the solver library, and that the use of the solver will comply with the terms of that license agreement. Several solver vendors have an academic program that includes a free license for their solver library. Please visit [http://www.gams.com/aca\\_prog/](http://www.gams.com/aca_prog/) for additional information.
- **NLP Packages:** NLP solvers (CONOPT, IPOPT, KNITRO, MINOS, SNOPT) are discounted 25% when two or more are purchased.
- **GLOBAL Packages:** GLOBAL solvers (BARON, GLOMIQO, LGO, LINDOGLOBAL, MSNLP) are discounted 25% when two or more are

purchased.

- **Multi-copy Discounts:** We provide multi-copy discounts for additional single-user licenses on the same platform: 30% discount from the original price for the second copy and 50% discount for the third and following copies.
- **Multi User/Departmental (MUD) Licenses:** In addition to a single user license we provide multi user/departmental (MUD) licenses which allow usage of the licensed software on one or more computers running the same operating system.

License Type	Number of Users	Price
small MUD license	up to 5	twice the price of a single user system
medium MUD license	6 to 10	three times the price of a single user system
large MUD license	11 to 20	four times the price of a single user system

- **Maintenance and Support:** The license fee covers a perpetual license to use the software. In the first year after the purchase of the software, maintenance and support (M&S) is free. After the first year the optional annual fee for M&S is 20% of the listed price for all licensed modules. M&S allows free updates, technical support and platform switching without additional charge.
- **Prices:** All prices are stated in US Dollars. The prices do not include applicable taxes and tariffs.
- **Shipment:** The license will be sent to the user via e-mail. The software is available for download at our web site. The prices for new systems include physical shipment of the manuals and a software DVD via parcel courier.
- **Regulations:** We follow the policies and regulations of the Bureau of Industry and Security ([BIS](#))
